## Artists Prints - Paper fine art (giclée) printing 10 colors

**BCS** specializes in "Giclée" (she-clay) digital printing of fine art on our large format Epson 10-color inkjet printers. We only use archival quality pigmented inks on museum quality rolls of 100% rag paper or 100% cotton canvas for permanence ratings of 75 years or more. BCS carries over 15 paper and canvas stocks, including several premium lines.

**Edition set up** from original art requires a digital conversion via photography or scanning. This is tailored to the size of the original and the size of the output. Costs can vary from \$20 to \$125. Please refer to the photography and scanning fee schedule.

**Fine Art Printing** / 10 color digital output / Standard Paper 8x10/9x12 proof: \$25 each

11x14: \$35 first sheet, \$25 each additional

12x18: \$40 first sheet, \$28 each additional

16x20: \$50 first sheet, \$35 each additional

## Artists Prints - Canvas fine art (giclée) printing 10 colors

### Canvas Borders, Stretching and Coating

Because canvas prints are usually stretched, or mounted, BCS offers a variety of finished products. Borders must be added to the print depending on the finishing option. Stretcher bars come in two edge depths: 3/4" and 1 1/2", and can be printed with a solid color or image. BCS coats all our stretched and mounted canvas' for protection.

### Fine Art Printing

 / 10 color digital output / Canvas

8.5x11 sheet or letter size proof: \$25 each

12x18: \$50 first sheet, \$35 each additional

18x24: \$85 first sheet, \$60 each additional

24x36: \$145 first sheet, \$95 each additional

36x48: \$290 first sheet, \$190 each additional

40x60: \$395 first sheet, \$265 each additional

Odd sizes and borders are charged at \$.18 / sq.in.

**Custom sized prints** available up to 44" x 144"

**Borders:** Prints to be stretched on 3/4" bars must have 1 1/2" borders. Those to be stretched on 1 1/2" bars must have 2 1/2" borders. Mounting requires 1/2" borders.

**Stretching:** includes spray coating & hanging hardware  
3/4" bars = (Height + Width) x \$1  
1 1/2" bars = (Height + Width) x \$1 + \$15

**Edge Printing - Gallery Wrap:** Printed image on the borders add \$30/ image - Color Edges add \$10 /image

**Edition discount:** place an order for your entire edition of 25 sheets or more, get up to 50% off printing.

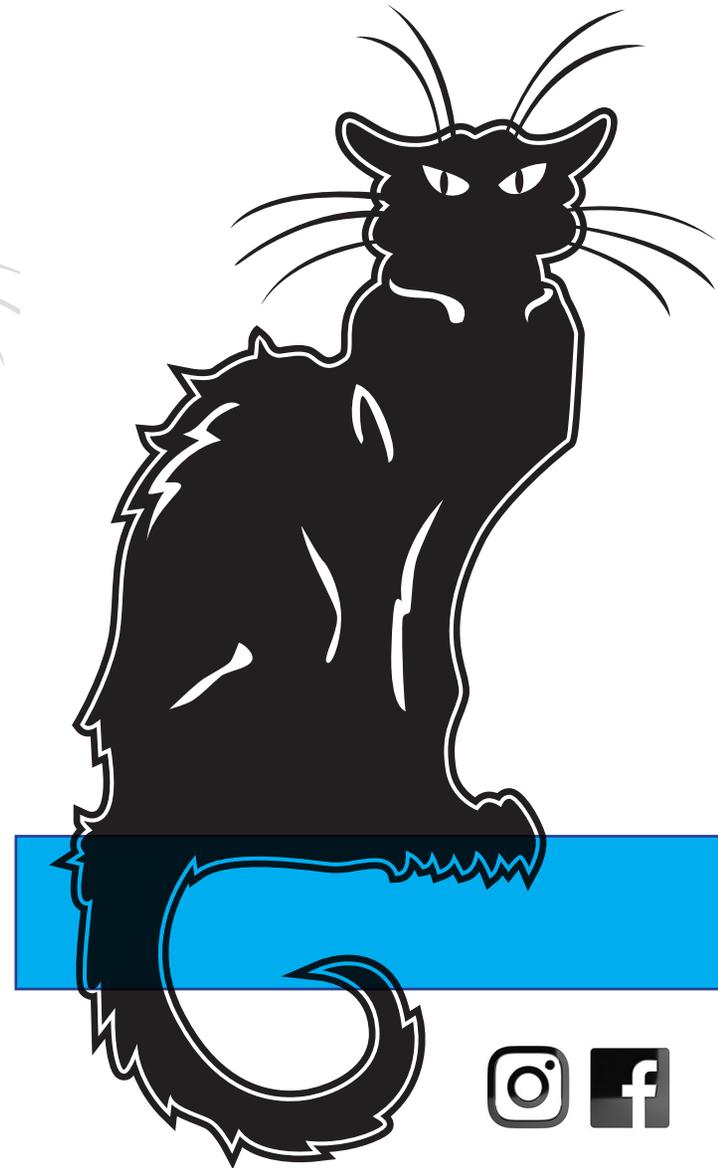

**Black Cat Studio** carries Canvas in several finishes and weaves including Matte, Satin and Gloss and smooth and rough texture. Ask to look at our samples before you order as they may change from time to time.

## Scanning

from film, photos or original art

Whether you have photos (prints or film), original art or a rough drawing, everything will need to be turned into digital files and placed into the computer. Scanning is the great equalizer! Once all the parts are in place, we follow your instructions to get the effect that you want, using industry standards and state of the art technology to give you reliable color and clarity.

**web res:** web up to 3 MB - 8"x10"x 72 ppi - **\$8**

**med res:** up to 15 MB - 6"x 10"x 300 ppi - **\$20**

**hi res 1:** up to 30 MB - 10"x 12"x 300 ppi - **\$25**

**hi res 2:** up to 50 MB - 11"x 17"x 300 ppi - **\$35**

**hi res 3:** up to 75 MB - 15"x 18"x 300 ppi - **\$50**

**bulk or custom res scans:** over 75 MB - **\$.70/MB**

## Digital Imaging/Retouching

BCS will work from your digital files, scan or photograph your original and then make sophisticated changes to be delivered by files or print.

Here are some of the projects we have completed:

- restore torn, cracked or stained photos
- make multiple copies from family heirlooms / artwork
- create posters from school / classroom projects
- add or subtract people from group photos
- retouch blemishes, skin and hair in portraits

We use these 3 levels of imaging to evaluate your work:

1. Enhancement: changing color or contrast of an image file. Examples: restoring faded colors, making the sky bluer, making a B&W to sepia
2. Retouching: moving or subtracting information in an existing image file. **Examples:** fixing tears or removing stains, smoothing complexions, masking out the background
3. Compositing: Combining information from image files. **Examples:** adding people or a new background, adding clouds to a sky, create collages from multiple images.

**\$35 minimum charge billed @ \$140/hr**
